NOTES:

Sample Lesson Plan For Classes

Objectives (i.e., skill-based goals that should not be confused with “activities”).

Strategies (i.e., actual activities undertaken during classes, such as clapping rhythms or saying note names).

Assessment (i.e., measurements to determine when children achieve objectives).

Assignment (i.e., exercises students need practice for the next class)

Closure (A review of the skills covered in the current class and a motivational statement to inspire them to practice during the week!)
